2014-2015 Supplemental Educational Service (SES) Providers

123 Math and Reading

Description: At 123 Math & Reading, we teach students through animations and interactive lessons on the computer combined with frequent remedial interactions with tutors. All of our students learn with the aim of performing well on their state exams and our state aligned curriculum helps them to achieve the same. In the past years, the scores of the students in Math performing 2 grade levels below their current grade level increased by 12%, and those of performing 1 grade level below their current grade level increased by 18% from the pre-assessment to the post assessment tests.
